

1. Pomenuj zvieratká a vyfarbi iba tie, ktoré dávajú mlieko.

|                                                                                   |                                                                                   |                                                                                    |                                                                                     |
|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
|  |  |  |  |
|                                                                                   |                                                                                   |                                                                                    |                                                                                     |

2. Pomenuj výrobky z mlieka.

|                                                                                     |
|-------------------------------------------------------------------------------------|
|    |
|                                                                                     |
|  |
|                                                                                     |
|  |
|                                                                                     |

3. Ktoré z týchto mláďat sa živí mliekom?
